

Directions from Kelowna International Airport (approx 2 hrs drive)

- Take Hwy BC-97N thru Vernon, 38.6 km (24 miles)
- From Vernon turn right onto Hwy 6 (signs for Kalamalka Lake/Lumby)
- From that turnoff, at 49.5 kms (31miles) you'll pass Tempo Gas/Frank's Store; continue on Hwy 6
- From the Tempo Gas it's another 37.6 kms (23.4miles) to Keefer Lake Forest Service Road; beyond the Tempo you'll likely lose cell coverage
- On your Right you'll see a large blue 'Rest Area' sign; immediately ahead on the Left you'll see the sign for Keefer Lake Lodge
- Turn Left onto Keefer Lake FSR and immediately, turn Left again
- Follow signs to the lodge 14kms (8.7miles)
- At the lodge, stay Right and drive up to main lodge building for valet service

Note:

- A 4WD vehicle with snow tires is required; alternatively, we can arrange a shuttle.
- Google Maps does NOT work, since Keefer Lake FSR is not on Maps (We're working on this!). Some backcountry apps have this road, but we do not recommend using these, since they tend to give directions using other FSRs. Only Keefer Lake FSR is plowed and maintained in the winter.
